

Surf Survival Certificate

OVERVIEW

This program can be designed to suit your needs.

The aim of this course is to provide Secondary School students with the knowledge of basic surf awareness in order to be able to enjoy surf activities. This course provides an understanding of the surf environment along with an introduction to rescue techniques, first aid and CPR. With an understanding on what it takes to be a lifesaver.

The course is conducted over two days. The first day is theory focused and is delivered at the school. Day two focuses on all the practical elements and is delivered at a mutually agreed upon beach.

Duration 2 days

Delivery At a mutually desired beach location

Course requirements:

- Participants must be a minimum of 12 years of age on the date of program
- Be able to complete a 25-metre swim in a swimming pool without stopping in either freestyle or breaststroke
- Be able to complete a two-minute survival float

Certificate

Students will receive accredited CPR through Surf Lifesaving Queensland RTO.

Price on application. We can build to suit your needs.

COVID19
